Enhance your private label products with BLACK LAB® custom toll blender

When you collaborate with us, you can count on timely and cost-efficient toll blending of dry granular products. Let us be your single resource for mixing, blending and packaging services ranging from the most basic to highly complex. We produce your proprietary formula— accurately, confidentially, quickly—with blending consistency from the first bag to the last bag. We know that because we bag from the mixer not from the hopper.

CONSISTENCY
FROM THE FIRST
TO THE LAST BAG

For more information about BLACK LAB custom toll blending, please call: 800.258.3878 or email: BlackLab.CustomerService@CoviaCorp.com.
